Water Supply Improvements for the CWM Water Authority
Contract A – R.O. Water Treatment Plant and Contract B – R.O. Treatment Equipment

July 12, 2022

ADDENDUM NO. 2

To all bidders on the above-named project:

The following changes, additions, and/or revisions shall be made to the bidding documents:

General:

1. The bid date shall be changed from July 19, 2022 to **August 9, 2022**. The time and place for receiving bids remains the same.
2. With regard to the bonding, the bid bond must be 5% of the amount bid with no limit (this is a USDA requirement).
3. Paragraph 4.02.A. of Article 4 of Section VII – Agreement, shall be revised as follows:

“The Work will be substantially completed within 400 days after the date when the Contract Times commence to run as provided in Paragraph 4.01 of the General Conditions, and completed and ready for final payment in accordance with Paragraph 15.06 of the General Conditions within 460 days after the date when the Contract Times commence to run.”

The contractor will be allowed up to 90 days after the Notice to Proceed is issued prior to contract time commencing to run in order to provide time for the ordering and delivery of materials and equipment for the project.

4. CWM Water will be able to pay for stored equipment or materials any time after the Notice to Proceed is issued.
5. The warranty period by the contractor is 12 months from the date of final acceptance by the Owner.
6. There will be a 100' x 100' laydown area southwest of and adjacent to the site. Clearing will have to be done, and at the end of the project the area will have to be regraded and grassed.

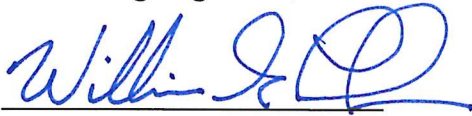

Drawings:

1. The hypochlorite equipment is to be located in the chlorine room.
2. The generator is to be 300 kw capacity as indicated by the electrical drawings. Strike through and write the correct information on the Proposal page.
3. Building permits are not required for this project.
4. For the metal building, structural steel and all primary structural framing members shall be a shop prime finish. Revise Specification Section 05000, Section 3.02.A.3 accordingly.
5. The metal building Exposure Rating shall be Category C and the Occupancy/Risk Category shall be Category IV. Revise Specification 05000 accordingly.

A copy of this addendum, signed by the bidder's authorized representative, must accompany each bid. In addition, please email (brendah@speaks.cc) or fax (251-666-8868) a signed copy back to Speaks & Associates by noon on Thursday, July 14, 2022 to acknowledge receipt.
